REGISTER SYSTEM DOWN HOTLINE

(425) 313-8001 OPTION 9

For use only if entire register system is down

***This book is designed for use in all US and Canada warehouses.
Sections that are unique to a particular geographical region are
designated as follows:***

US: United States

CN: Canada

Brackets around a word in bold and capitalized refer to which key needs to be pressed on the register keyboard (e.g., **<ENTER>**)

SUPERVISOR

Override

- Supervisor key in in Override Mode
- <CLEAR>
- <OVERRIDE>, enter supervisor #, <ENTER>
- Key in password, <ENTER>

Override Terminal Secured

- <SIGN ON/OFF>, <CLEAR>
- Override

Verify Price and Linked Item Record

- <6>, <SIGN ON/OFF>
- Scan or key item(s)
- <TOTAL>, to exit <SIGN ON/OFF> twice

Note: Pressing <ENTER> twice prints item detail.

Void Linked Fee

Find Link Item Number

- Sign onto register, <6>, <SIGN ON/OFF>, scan or key item
- <ENTER> twice, use four-digit link # on receipt or, sign off
- Or look up item # in controller (four-digit Link Item # on 2nd page)
- <VOID>, Key linked fee followed by eight zeroes on register

Tender Cashing - Check

- <1>, <SIGN ON/OFF>, scan membership #
- Key in \$ amount
- <CHECK>
- Endorse check, change due member

Tender Cashing – Executive 2% Reward

- <1>, <SIGN ON/OFF>, scan membership #
- <6>, </>, <MISC TENDER>
- Scan or key barcode, <ENTER>
- Endorse reward, change due member

Tender Cashing – Citi Reward (US)

- <1>, <SIGN ON/OFF>, scan membership #
- Scan reward or <9>, </>, <MISC TENDER>
- Key entire bar code, <ENTER>
- Change due member

Tender Cashing – CIBC Reward (CN)

- <1>, <SIGN ON/OFF>, scan membership #
- Scan reward or <7>, </>, <MISC TENDER>
- Key entire bar code, <ENTER>
- Change due member

Tender Exchange/Correction

- <2>, <SIGN ON/OFF>, scan membership #
- <VOID>, key in \$ amount
- Press incorrect (previous) tender type: <CASH>, <CHECK>, or <STANDALONE>
- Key in \$ amount
- Select new tender type: <CASH>, <CHECK>, or <STANDALONE>
- Deface receipt, attach to Daily Register Sheet

SUPERVISOR

Coupon Adjustment

- Scan membership #
- **<SLIP PRINT>** (if original receipt available)
- **<ADJUSTMENT>**
- **<VOID>**
- Scan coupon
- **<TOTAL>**
- Tender, override required
- Print on back of member's receipt (if applicable)
- Deface adjustment receipt, notate original purchase date(s) if not same day, attach to Daily Register Sheet

Note: Coupons accepted outside of the valid date will require an override.

Training Mode

- Sign on with Training Operator Code (500-505)
- Password for all training mode operator #s is 9999
- **<7>**, **<SIGN ON/OFF>**
- Exit **<SIGN ON/OFF>**, twice
- All receipts must be defaced and attached to the Daily Register Sheet.

Note: Training Mode does NOT affect IAFEP numbers.

Cash Out Costco Shop Card (Exception States Only)

Locations must not return, refund, or redeem Costco Shop Cards for cash except where required by law, when the card balance is below threshold (see below).

Physical Shop Cards

- Sign on
- <1>, <SIGN ON>
- Scan membership #
- <CREDIT/DEBIT>
- Swipe card on PIN pad
- Change due to member

Digital Shop Cards

- Sign on
- <1>, <SIGN ON>
- Scan membership #
- <CREDIT/DEBIT>, <CLEAR>, <CLEAR>
- Scan digital barcode
- <ENTER>

Exception States

State	Cash Out Limit
CA	\$10
CO, CT, HI, MA, ME, MT, NJ, NY, OR, PR, WA	\$5
TX	\$2.50
RI, VT	\$1

Convert Gift of Membership

Gift of Memberships (GOM) cannot be redeemed for a value other than \$65.00 and cannot be cashed out or refunded. In the interest of member service, the funds may be transferred to a shop card.

On a Wave terminal:

- Scan membership # (or use member #99)
- Activate new \$65 Shop Card
- Swipe GOM as payment

SUPERVISOR

Citi Reward Register Messages

REGISTER DISPLAY	REWARD STATUS	MEMBERSHIP SYSTEM STATUS	ACTION REQUIRED
Approved	Accepted	Redeemed	None
33 Research Needed	Already Redeemed	Redeemed: Membership activity will show membership number that redeemed the reward	Advise member the reward has been redeemed
Dollar Mismatch	Amount scanned does not match reward amount	N/A	Advise member the reward was reissued which invalidates previous rewards
44 Research Needed	Invalid Sequence Number: Replacement reward issued	Reissued	Advise member the reward was reissued which invalidates previous rewards
44 Research Needed	Cancelled by Citi	Cancelled	Member must contact Citi
B311 Not Authorized	Register is offline: Rescan reward	N/A	Override only after multiple redemption attempts. Must first research validity in the membership system
Expired	Expired	Expired	Manager override required

Membership/Item Blocking Codes on Register

BLOCK	TIMING	ACTION
Block 6	Immediate	Possible NSF
No Checks	Immediate / Check Tender	No Checks/Override required to tender as check
Frequent Shops	Check Tender	Override to continue. Three checks in one day or six in five.
Must Sign Up or Inactive	Immediate	Void Transaction Only

Renewal Due	Immediate	Pay renewal or override
Renewal Fee Added	Immediate	Renewal added, cashier clearable message
Supply Card	Immediate	Override to complete order
Invalid Resale	Immediate	Notify member updated resale license needed
Administrative	Immediate	Verify action taken in CRM
2% Reward Owed	Immediate	Perform override, direct member to membership, steps on #MB23
E056 Intmbr Valid?	Immediate	International member validation not possible. Visually inspect card and override.
Pull and Hold	After item scan	Item is under evaluation or inspection – cashier clearable, item may not be sold
Recall/Defective	After item scan	Safety or quality issue – cashier clearable, item may not be sold
Street Date	After item scan	Item cannot be sold until a specific date
Not For Sale	After item scan	EPC block added at location

SUPERVISOR

Membership/Item Blocking Codes on Register (cont.)

BLOCK	TIMING	ACTION
Code A	Tender	Cashier clear, checks approved up to \$10,000
Code B	Tender	Cashier clear, checks approved up to \$5,000 limit
Code C	Tender	Cashier clear, checks approved up to \$2,000 limit
Executive Upgrade	Immediate	Cashier clear, "Exec Upgrade?"

Membership Types

- 1/ = Trial Membership (rarely used)
- 3/ = Supplies
- 7/ = International Membership

Membership Renewal/Upgrade Item Numbers

- #31 – Gold Star Renewal
- #67 – Business or Executive Renewal, verify membership fees
- #231590 – Executive Upgrade

Supplies

- **<3>**, **</>**, scan supply card
- Override required
- Scan items, **<TOTAL>**
- **<MISC TENDER>**
- Deface receipt, attach to Daily Register Sheet

Price Override

- Key in \$ amount, **<PRICE>**
- Scan, or key in item number **<ENTER>**, override

Department Ring

Only to be used when item number is not set up.

- Key in \$ amount, **<PRICE>**
- Key in Department #, **<DEPARTMENT>**
- Key in item number (if no item # use zero), **<ENTER>**
- Override required

Void Previous Transaction

Same Register / Same Day

- Hold down **<CTRL>**, **<ADJUSTMENT>**
- Enter transaction #, **<ENTER>**
- Enter transaction amount, **<ENTER>**
- Tender key twice, override
- Deface receipt, attach to Daily Register Sheet with original receipt

Adjustment Register, Same Day

- Hold down **<CTRL>**, **<ADJUSTMENT>**
- Scan the transaction barcode or enter register number, **<ENTER>**
 - If register number keyed, enter transaction #, **<ENTER>**
- Enter transaction amount, **<ENTER>**
- Tender key twice, override
- Deface receipt, attach to Daily Register Sheet with original receipt

Note: Void previous transactions will devalue any unused POS activated cards only if funds have not been used.

Adjustments

- Scan or key original membership #
- Press **<ADJUSTMENT>**
- Scan/key items to be voided, **<TOTAL>**
- Tender key, override
- Deface adjustment receipt, notate original purchase date(s) if not same day, attach to Daily Register Sheet

SUPERVISOR

Price Accuracy (CN)

Charge the member the price that is in the register system. In the same transaction, use of one of three item #'s for the adjustment.

- #26982 – Non-taxable item
- #326982 – HST
- #426982 – GST
- #4426982 – QST

Void Purchase Orders

- Scan or key membership number
- <ADJUSTMENT>, key in item(s) to be voided
- <TOTAL>, <PO TENDER>, <PO TENDER>
- Override
- Deface adjustment receipt, notate original purchase date(s) if not same day, attach to Daily Register Sheet
- Slip print Purchase Order form

Note: Void previous can be used for Purchase Orders.

Manual Entry of Credit Cards

If both the chip and magnetic stripe fail, the card should never be manually keyed. Though there are legitimate reasons for a card to be manually keyed (such as fax and pull orders where a copy of the credit card is kept on file and/or optical), it should be avoided in almost all other situations.

- Press <CREDIT/DEBIT>, <CLEAR>, <CLEAR>
- Enter the card number and expiration date on the PIN pad
- Override

Note: Manual entry of credit cards carries significant risk of chargeback

Manual Entry of EBT (US)

- **<TOTAL>**, **<EBT>**, **<TOTAL>**, **<EBT>**, **<EBT>**, **<CLEAR>**
- Enter the card number and expiration date on the PIN pad
- PIN pad will prompt for member's PIN
- No override will be required

Note: Never enter member's PIN on their behalf

Converting Front End Register to Refund Mode

- Only works during FE Refund window: December 1 – January 10
- On selected Front End register(s), sign on as Refund Clerk, Sup or Mgr.
- **<SEASONAL REFUND>**, **<ENTER>**
- Register is now in Refund mode until end of day or is switched back
- Sign off, have refund cashier sign on
- Exit refund during the day: **<SEASONAL REFUND>**, **<ENTER>**, sign off

Transfer from One Register to Another

- Sign on as Sup/Mgr (at new register)
- **<8>**, **<SIGN ON/OFF>**
- Key in previous register # (transferred from), **<ENTER>**
- Re-enter register #, **<ENTER>**
- **<ENTER>** for Same Operator OR **<TOTAL>** for current Operator
- **<ENTER>** transfers cashier from failed register to new register
- **<CLEAR>** keeps the current Sup/Mgr signed on to new register
- Receipt will reprint
- Continue with order
- **<TOTAL>**, tender, sign off
- Check problem at failed register, correct it
- Failed register will cycle up CLOSED
- Sign on failed register when operational, override may be required
- Current transaction will become a **VOID TRANSACTION** once register recovers

SUPERVISOR

Daily Register Sheet Logging Procedures

Transaction Type	Log on DRS?	Receipt Requirements
Forced pickups (cash recycler locations only)	Yes	The cashier and witness must count the notes and log it on the DRS. The cash recycler receipt is attached to the DRS. Forced Pickups must be keyed at the register and then voided after the deposit is completed at the cash recycler.
Zero total receipt – coupon	Yes	Receipt is given to the member.
Adjustments & Ancillary refunds	No	Record the date of the original transaction (if different day) on the receipt, deface and attach to the DRS.
Void total & zero total with inline void items	No	Receipt must be defaced and attached to the DRS.
Void previous and adjustment transaction used to void an entire transaction	No	Both the original and void previous receipt must be defaced and attached to the DRS.
Void membership number (zero total with no items on receipt)	No	None, these can be discarded.
Zero total receipt	No	Receipt must be defaced and attached to the DRS.
Manual loans from the vault (CFI)	No	Loan receipt and completed white CFI (VT01) form must be attached to the DRS.

Register Numbers

Front End	1 - 50
Tobacco	61 - 64
Optical	71 - 74
Hearing Aid	79
Pharmacy	91 - 94
Tire Center	95 - 98
Liquor	99 - 104
Enterprise Refunds	121 - 130
Marketing Tills	151 - 159
Membership	191 - 199

Food Court	501 - 508
Control	800

CONTROLLER

Controller Reports

Department Totals Report

This report will show real time sales, excluding gas

- TGCS ACE APPLICATION [1]
- Reports [R]
- Arrow down to Sales Report, <ENTER>
- Arrow down to Department Totals Report, <ENTER>
- Select report parameters and destination

Outstanding Store and Forward Report

This report is run to ensure that any transactions that were approved when credit/debit went down have been released from the controller. If any transactions remain, the Service Desk must be contacted.

- IBM ACE Applications
- Reports [R]
- SurePOS ACE EPS Reports
- Outstanding SAF/TOR Report

View Offline Pending Report

The following report can be run to ensure that all transactions have processed. Any transactions still active may cause the auto-store close to be delayed.

- IBM ACE Applications
- Accounting
- Scroll to Close on the top menu
- Arrow down to System Status
- [ENTER]

Controller Reports (cont.)

Loan Report

In non-cash recycler locations, the loan report must be verified against CFIs given from the vault. Any discrepancies should be fixed on the register. In cash recycler locations, the loan report should show no loans.

- IBM ACE Applications [1]
- Reports [R]
- Listing and Log Reports [L]
- Exception Log
- <ENTER>

Note: If transactions unrelated to loans are showing on the report, press [PAGE DOWN], [PAGE DOWN] at the initial Exception Log screen and ensure only “13 Cashier Loan” is selected. [TAB] can be used to navigate through the fields and the space bar can be used to select items.

Transactions Received from Host

This controller report can be used to verify successful EFT transactions and retrieve full Shop Card (GC) numbers. To view the report:

- Reports [R]
- SUREPOS ACE EPS Reports
- Transactions Received from Host
- Select applicable filters

Note: Complete credit card numbers will encrypt the middle 6 digits with zeros, but the full 16-digit shop card numbers are visible.

CONTROLLER

Reprint Receipts

ACE Transaction Search Tool:

The following method should be used to reprint current day receipts. Previous day receipts should be printed in option SAST.

- TGCS ACE APPLICATION [1]
- Manager Procedures [M]
- ACE Transaction Search Tool [A]
- Manager Journal [M]
- Search by appropriate filters

Note: A supervisor or manager must accompany a member using a reprinted receipt to the exit door.

View Summary Journals Receipts:

- TGCS ACE APPLICATION [1]
- Manager Procedures [M]
- View Summary Journals [V]
- Sort by Date
- Press Enter to open the first terminal found for the date
- In Search field, put the member's number followed by an [*]
- Press Enter
- Use the arrow down key to move the cursor down the receipt
- Press Print

Note: Only 15 lines before the highlighted line and 14 lines after the highlighted line will print. If the receipt is longer than 30 lines multiple prints may be required.

View Operator Listing

- TGCS ACE APPLICATION [1]
- Reports [R]
- Data Maintenance Reports
- Operator Authorization
- Choose to Display by Name or by ID
- Choose to Display or Print

Operator Maintenance

Adding an Operator

- TGCS ACE APPLICATION [1]
- Data Maintenance [D]
- Operator Authorization [O]
- Key cashier number being added in Operator ID <ENTER>
- When prompted for a model number, use the following models
 - *1 Cashier
 - *2 Training
 - *3 Refund Cashier
 - *4 Inventory Audit
 - *5 Sales Audit
 - *6 Supervisor
 - *7 Manager
- Once a model has been selected, <ENTER>
- Enter cashier's name (first name asterisk (no space) last name e.g., *FIRST*LAST*).
- Enter initial password. Select **Expire Password**, cashier must change password after first sign on.

Note: Register receipts will not print any characters after an asterisk (*), but will print on all controller generated reports (e.g., operator listings).

Enhanced Password

- If the operator being added is a sales auditor, supervisor, or manager, a controller password must also be set up.
- Click "CHANGE ENHANCED PASSWORD" with the mouse or press <ALT> + <C> on the keyboard.
- Enter an 8-character password with numbers and letters and then verify. Press <SAVE>, then <OK>. Press <F3> to exit.

Note: When setting up a password for an employee who is not present, tab to "Expire Enhanced Password" and press [SPACEBAR] to select. This will require the employee to change their enhanced password upon their first login to the controller.

CONTROLLER

Operator Maintenance (cont.)

Enhanced Password Rules

- Expires every 90 days
- Must be alpha-numeric, letters and numbers only with at least one letter and one number
- Passwords are case sensitive
- Passwords must be 8 characters in length
- Greater than two letters or numbers in sequence or repeated is not allowed
- Spaces and special characters such as &, @, % are not allowed
- Cannot reuse previous five passwords

Changing Food Court Lookup Keys

- TGCS ACE APPLICATION [1]
- User Applications [U]
- Keyboard Lookup Utility [K]
- Whse Food Court [ENTER]
- [TAB] between keys to edit, delete or enter Food Court item numbers
- [ALT] + [S] to save changes

Note: Food Court lookup keys will be uploaded to the register after signing off.

Change Expired Password

- Register displays "Password Expired Enter New Password"
- Key in new password, <ENTER>
- Register displays "Verify New Password by Re-entering it"
- Re-key new password, <ENTER>
- Register displays "B070 New Password Accepted", <CLEAR>

Note: Passwords expire every 90 days. Passwords should never be shared.

Change Cashier Password (Not Expired)

- Key Cashier number, </>, key current password, then <OVERRIDE>
- Enter new password, then <SIGN ON>
- Verify new password, then <ENTER>
- "B070 New Password Accepted" <ENTER>

Executive 2% Reward

- Scan items, <TOTAL>
- Scan reward OR <6>, </>, <MISC TENDER>, key bar code #, <ENTER>
- Insert document to slip print

Note: Executive rewards should be applied toward merchandise.

Citi Reward (US)

- Scan items, <TOTAL>
- Scan Certificate or: <9>, </>, <MISC TENDER>, barcode #, <ENTER>

CIBC Reward (CN)

- Scan items, <TOTAL>
- Scan Certificate or: <9>, </>, <MISC TENDER>, barcode #, <ENTER>
- Insert document to slip print

CASHIER

Optical/Hearing Aid Insurance Tender

- Process order, <TOTAL>
- Tender: <3>, </>, \$ amount, <FOREIGN TENDER>

Refund Credit

- Scan items, <TOTAL>
- <2>, </>, \$ Amount, <MISC TENDER>, Account Number Needed
- Enter Account #, <ENTER>
- Insert document to slip print if prompted

FSA

- FSA is accepted on all register groups
- "F" on receipt designates FSA eligibility
- For FSA subtotal, press: <2>, </>, <TOTAL>
- Less than FSA total: Key FSA amount, <CREDIT/DEBIT>

EBT Food (US)

Front end, refunds, self checkout registers and standalone only:

- Member swipes EBT card, selects EBT Food
- "E", on receipt designates EBT eligibility
- For EBT subtotal, press: <TOTAL>, <EBT>, <TOTAL>
- <TOTAL>, <DEBIT/CREDIT> to tender

EBT Cash (US)

- Member swipes EBT card, selects EBT Cash
- <TOTAL>, <CREDIT/DEBIT> to tender
- Member enters PIN
- Tax not forgiven on items paid with EBT Cash

Note: Some states may restrict certain items from being purchased with EBT cash.

EBT Issues (US)

- Partial EBT payment: Key amount, <DEBIT/CREDIT>
- If needed, EBT number can be manually entered on the PIN pad
- EBT can be attempted at the standalone: <STANDALONE>, <STANDALONE>

Note: EBT cannot be used as payment for resale. Never enter a PIN on behalf of the member.

MedFlex (US)

- Item eligibility varies by member, many providers offer an app to determine eligibility prior to checkout
- Partial keyed payment not allowed; full amount will be attempted after <DEBIT/CREDIT>. Remaining amount paid via another tender
- If no items are eligible for the member's plan, register displays [No Qualified Items]

Purchase Orders

- <SLIP PRINT> on, scan items, <TOTAL>

- <ENTER> to charge 1.5% admin fee
- <CLEAR> to waive fee
- Override required
- Insert document to slip print

Print Item Count

- <3>, </>, <TOTAL>, <CLEAR>

Loan

- <LOAN>, key in \$ amount, <CASH>, <TOTAL>

Void Loan

- <LOAN>, <VOID>
- Key \$ amount, <CASH>, <TOTAL>

CASHIER

Pickup

CASH	CHECK
• <PICKUP> • Key dollar amount, <CASH> • <TOTAL>	• <PICKUP> • <CHECK> • <TOTAL>

Executive Membership 2% Rewards are included with checks.

Void Cash Pickup

- <PICKUP>, <VOID>
- Key \$ amount, <CASH>, <TOTAL>

Note: Do not void a check pickup.

Resale

Resale should be used for all resale, tax exempt, and non-profit agencies.

- Fill out resale card, <RESALE> (on)
- Scan items for resale, <RESALE> (off)
- Resale can be toggled on/off multiple times
- <TOTAL> or continue order, tender
- Print onto resale card, member must sign card

Tax Exempt

Foreign Diplomats are exempt from all taxes, including alcohol. Alcohol tax-exempt purchases require supervisor involvement during the transaction and must be documented on a resale card. Tax exempt cannot be turned on/off in the same way resale can, all items will be exempt.

- Scan membership card, scan items
- When all tax-exempt items have been scanned, <TOTAL>, <TAX EXEMPT>, <CLEAR>
- All items purchased tax-exempt will print at the end of the order onto the resale card

Void Transaction with Dollar Amount

- <VOID>, <TOTAL>
- Override required
- Deface receipt and attach to Daily Register Sheet

Void Transaction Zero Dollar Amount

- <VOID>, <TOTAL>
- Deface receipt and attach to Daily Register Sheet

Void Membership Number

- <VOID>, <TOTAL>
- Receipt does not need to be retained or logged

Voiding Partial EFT Tender

- <TOTAL>
- <VOID>, <CREDIT DEBIT> will void previous EFT payment

Note: EFT payments should be voided prior to performing a void total to ensure funds are correctly returned to the member's EFT card.

Manufacturer's Checks

Cashiers can accept a manufacturer's check made out to "Any Retailer" or Costco providing: it's from a vendor that Costco uses, it has the member's name on it, and is drawn from a financial institution. Similac is one company that mails these checks to members. Tender manufacturer's checks for the face value and process as a check.

Check Writer (US)**For Total Amount**

- <TOTAL>
- <2>, </>, <CHECK>, <CHECK>
- To endorse check, INSERT CHECK TO SLIP PRINT, face down, <ENTER>

CASHIER

Check Writer (cont.)

- To print drawer side, insert check face up into the front of printer, **<CLEAR>**
- Member must sign check

Other than Total Amount

- **<TOTAL>**
- **<2>**, **</>**, key in \$ amount, **<CHECK>**
- Message: **<CHECK> AMT NOT BAL DUE**
<ENTER> = CONT. OR CLEAR
- **<ENTER>** follow messages on display screen

Note: Override required if over \$30 cash back.

Costco Wallet

- Scan digital membership card QR code.
 - If Auto Apply on members app is OFF, the PIN pad will require a response prior to pressing TOTAL.
- Ring items, press **<TOTAL>**
- If No is selected on PIN pad and member changes their mind, manually tender the wallet with the following steps:
 - Linked Credit Card (US): **<CTRL> + <IC>**, **<IC>**
 - Shop Card: **<CTRL> + <STAND ALONE>**

Note: If auto apply is ON, the PIN pad will display “Payment Pending, Press X to Cancel”

Digital Shop Card / Manual Entry of Shop Card

- **<TOTAL>**, **<CREDIT/DEBIT>**
- **<CLEAR>**, **<CLEAR>**
- Scan shop card barcode or manually enter number

Note: An override is required if the number is keyed.

Point of Sale Activated Cards (POSA)

- Scan barcode
- **Cashier retains card(s) until order tendered successfully**
- Error message displays if activation was not successful
- If error message appears, press **<CLEAR>**
- Cashier keeps non-activated card(s)
- An activation receipt will print for each Point of Sale activated card

Note: The only way to void Point of Sale Activated Cards is by performing a Void Previous transaction.

Bundled Warranty

Select items are sold with an extended warranty at no additional cost to the member, however, the warranty must still be scanned in the transaction. As a reminder, applicable items are blocked at the register and will require a cashier override. This override will not require supervisor intervention.

- Register prompts [B911 RESTRICTED QTY SCAN WARRANTY]
- **<CLEAR>**
- **<OVERRIDE>**
- **<ENTER>**
- Scan warranty

Operator Statistics

Operator Statistics calculates all register activity. AS400 option IAFEP will display operator statistics for register 1-50 the following day.

- **<NO SALE>**, **<96>**, **<SIGN ON>**
- Prints: Operator Name, IPM (items per minute), MPH (members per hour)

SELF CHECK OUT

Open the Lane

- Scan the Shopper Assistant (SA) Card
- Select **<OPEN LANE – CANCEL PENDING TRANSACTIONS>**

Membership Block

- Scan the SA card
- Review membership block
- Press **<OK>** to continue
- Follow prompts

Note: Membership blocks should be handled in the same manner as a membership block on the Front End registers.

Age Validation

- Scan the Shopper Assistant card
- Age validation screen will show
- Verify ID, scan back of ID or key member date of birth
 - If member appears to be over age 40 key generic birth date of **<01011961>**
- Press **<ENTER>**

- **<91>**
- **<S2>** (hold **<CONTROL>**, press **<RESALE>**, release)
- [T0010 ENTER REQUEST] displays
- **<99>**
- **<S2>** (hold **<CONTROL>**, press **<RESALE>**, release). Register will reload

U008 Message

- Power register OFF (hold power button for 10 seconds)
- Wait an additional 10 seconds
- Turn register ON
- Register will reload

Clear Message Light

- **<S1>** (hold **<CONTROL>**, press **<DEPT>**, release)
- **<3>**
- **<S2>** (hold **<CONTROL>**, press **<RESALE>**, release). Message will display **<CLEAR>**

Z001/Z002 Message

- Enter register address (e.g., #1 = 1001, #16 = 1016, #501 = 1501)
<S2> (hold **<CONTROL>**, press **<RESALE>**, release). Register will reload

Readdress Full Screen (Touchscreen)

- Full screen will show Z001 or Z002 with keypad on the screen and two buttons labeled **<S1>** and **<S2>**
- Enter (register #) as 4 digits (e.g., #1 = 1001, #16 = 1016, #501 = 1501)
 - If needed, **<S1>** to clear
- Press **<S2>**, message will display: "Z044 format desk, to format disk key S1, else key S2 press" **<S1>**
- Once format is complete, press **<S2>**, message will appear on the top left screen Z012
- Reboot will take 10-15 minutes

TROUBLESHOOTING

Readdress

- <S1> (hold <CONTROL>, press <DEPT>, release)
- <71>, <S2> (hold <CONTROL>, press <RESALE>, release)
- Program will load / Message will display: Z001 (or Z002)
- Enter ss (register #) in 4 digits (e.g., #1 = 1001, #16 = 1016, #501 = 1501)
- <S2> (hold down <CONTROL> and press <RESALE>, release). Register will reload

Register System Down

Answer alarms on controllers, respond to message and contact the Help Desk.

Note: Entire system DOWN call the HOTLINE (425) 313-8001, option 9

Store and Forward

If the Electronic Fund Transfer (EFT) system goes down, Store and Forward will become ACTIVE on CC controller.

- Credit card transactions up to \$1,000.00 can be processed by storing in the controller's memory
- Once communication is restored, stored transactions are forwarded for processing
- NO DEBIT or DMC transactions will process at the registers
- ALL credit cards over \$1,000.00 and ALL DEBIT cards must be processed at the standalone:
 - <TOTAL>, <STANDALONE>, <STANDALONE>, receipt will print
 - Hand receipt to a supervisor for processing
 - Supervisor will return EFT (credit/debit) slip to cashier
 - Cashier will send slips to vault

Scanners

- Check cable connections: scanner base or back of register. Replace as needed
- Check power connections for tabletop scanners. Replace as needed
- Recalibrate scanner if needed – sheets available on Intranet or CARTS
- Not operational? Contact the Service Desk and mark out of service

Conveyor Belt

- Wipe the electronic eye clean
- Check ON/OFF switch (Cashier side of belt or base of cashier podium)
- If needed, register check stand parts can be ordered through Killion Industries
- See "Register Inspection Job Aid" on the Warehouse Operations page for further information

PIN Pad Reset (MX915)

Complete the following steps on the PIN pad:

- Press <1> <5> <9> at the same time, release
- Press <X>, <1>
- PIN pad will reload (10 seconds)

Note: The register quick reload key sequence should be used prior to resetting the PIN Pad.

PIN Pad Reset (M400)

Complete the following steps on the PIN pad:

- Press <1> <5> <9> at the same time, release
- Press <1><5><9> again to reach the "Supervisor" screen
- Press red <X>
- Select Reboot and then press the green <O> (PIN pad will reset itself)

Note: The register quick reload key sequence should be used prior to resetting the PIN Pad.

PIN Pad Serial Number (M400)

Complete the following steps on the PIN pad:

- Press <1> <5> <9> at the same time, release
- Press <Control Panel> Press <System>, serial number is visible
- Press <Green Check>, <X>, <X>, to exit

TROUBLESHOOTING

PIN Pad Resync (CN)

- <OVERRIDE>
- <899>
- <DEBIT/CREDIT>

Note: The register quick reload key sequence should be used prior to resetting the PIN pad.

Credit Debit Cards Not Swiping

- Magnetic reader may require cleaning
- Obtain a cleaning card and follow instructions on card
- Clean PIN pad keys with damp towel

Note: Only use a damp towel on the keys.

SHOP CARDS

Selling/Adding Value to Costco Shop Cards

- #155, <ENTER>
- Cashier keys in value from \$25 (US) or \$50 (CN) to \$1,000
- Cashier scans bar code on back of card
- Value can only be added to existing cards in the country of origin
- Activation receipt prints with new balance for each Costco Shop Card
- Daily limit of \$10,000 on a single membership, no more than \$2,000 associated to a single card

Cards Used by Non-Members

- Cannot reload value on any shop card
- Cannot purchase additional shop cards
- Once zero balance, cashier discards the shop card

Card Redemption – Register

- <TOTAL>
- <CREDIT/DEBIT>
- Member swipes shop card
- Cards can be redeemed from US or CN
- Remaining balance prints on receipt

Cross-Border Use of Costco Shop Cards

Costco shop cards can be used as payment between the US and CN, currency conversion occurs automatically and the appropriate amount will be debited from the card.

Note: Loading value onto an existing Shop Card can only be done in the country of origin.

Void Transaction with Costco Shop Card

- Shop card(s) must be voided out first
- **<VOID>**, #155, enter amount, scan card
- **<ENTER>**
- Void transaction
- Override required

Note: Void previous (same day) will devalue any shop cards activated in the original order.

Balance Inquiries

- Print remaining balance of card on receipt:
 - **<21>**, **<SIGN ON/OFF>**, swipe card on PIN pad or manually enter shop card number on keyboard, **<ENTER>**
- Other methods:
 - Supervisor/manager swipes card on standalone terminal
 - Costco.com

Lost Cards

- Verify balance on lost card, move remaining balance to new card, **OR:**
- US – Credit Card Services 1-888-668-9668 *M – F, 7 am – 6 pm (PST)*
- CN – Member Services / Renewal 1-877-258-9580 *M – F, 8 am – 4:30 pm (EST)*

Balance Transfer

- Determine balance on damaged/lost card
- Activate a new shop card for same amount
- Tender the damaged or lost card as payment by performing a manual entry

Note: Balance transfers done over the phone with Shop Card Services must be completed from a warehouse landline.

Other	Description

OPERATOR NUMBERS

Operator numbers are used to sign onto the registers. Supervisors and managers use the numbers to perform overrides. Below are the authority models, employee position and corresponding operator numbers. Operator numbers and passwords should never be shared. Operator listings should be audited regularly to ensure employees and supervisors have only one number.

MODEL	POSITION	OPERATOR ID NUMBERS
*1	Cashier	1 - 399
*2	Training	500 - 525
*3	Refund Cashier	610 - 649
*4	Inventory Auditor	606 - 609
*5	Sales Audit	600 - 605
*6	Supervisor	801 - 889 *801 - 849
*7	Manager	901 - 949 *850 - 899

Note: Assign operator numbers sequentially. Manager (model *7) users may be assigned in the 849 - 899 range for warehouses using SUZO. Otherwise, all managers can be moved to 900 range to easily distinguish roles.
